Vol. XIII, No. 12 — Lafayette — Orinda, California — Friday, June 3, 1955 — Ten Cents

THE REV. FRED MORROW WILL SAY GOODBYE to Orinda Sunday when he conducts his last service at the Orinda Community Church before leaving for Oroville and a new pastorate. Here Mr. and Mrs. Morrow are shown, seated at left, receiving the tributes of church members who honored them May 18 in Fellowship Hall. Jim Davison, at right, was master of ceremonies for the all-church testimonial dinner. The Morrows were later honored by Orinda organizations at a dinner May 23.

Summer Recreation Program to Start June 20 at All Four District Schools

Orinda's summer recreation program swings into its third year June 20, with activities scheduled at all four schools—Orinda, Sleepy Hollow, Glorietta and Del Rey.

Frank Isola, supervisor of physical education for the school district, is director of the summer activities.

THE PROGRAM WILL last through July 29 from 9 a.m. to 2 p.m. Mondays through Fridays.

Isola said the activities will be for first grade youngsters and above this year. Last year the first and second graders were not eligible.

Isola added, "We invite all youngsters in the community, including high school and college students." Adults may also participate, he said.

No registrations are necessary, "Just go to the nearest playground and take part," Isola said.

AMONG ACTIVITIES planned are these, he said:

Arts and crafts (indoors); excursions including fishing trips, trips to zoos and museums, bicycle hikes and a swimming jaunt to Santa Cruz at the end of the summer.

Also, sports including basketball, touch football, ping pong and others are on tap.

Intramural sport programs will be run at the individual schools, with winners from each playing inter-school contests later.

Two women will instruct arts and crafts at all the schools, Isola said. The women, as yet not selected, will devote two hours to each school each day.

Isola said his staff will include Jack Clark, sixth grade teacher at Orinda School; Keith Burnham, sixth at Del Rey; William Hester, eighth at Orinda, and Ted Boyce, eighth at Orinda.

The summer recreation program is financed by school district appropriation.

School District To Get $2875 Aid

Orinda School District is to receive immediate payment of $2875 under Public Law 874, Congressman John F. Baldwin announced yesterday.

Baldwin said he was informed of the payment by the Department of Health, Education and Welfare.

Public Law 874 provides financial assistance for schools educating students whose parents derive their income from working on federal property.

Baldwin added that the Department of Health, Education and Welfare estimates the tentative total entitlement of Orinda district will be $4,424.01.

"Payment of the balance still due on this entitlement will be subject to such adjustments as may be required by actual data in place of estimates," the congressman said.

Fuel Pump, Cash Thefts Reported

Sheriff's deputies are investigatingtheft of a fuel pump from a car parked at the Orinda Theater and the theft of $45 from a golfer's trousers at the Orinda Country Club.

Makoto Takahashi and his wife of Berkeley reported someone had stolen an electric fuel pump from their car while they were watching a movie Sunday night at the Orinda Theater.

Deputy John Coulsen said the fuel pump is valued at "$25 to $30."

Clark Matthews, manager of the country club, reported a locker at the club had been entered May 25 and $45 stolen from the trousers of H. W. Gentry while Gentry was playing a round of golf.

Weather Keeps Pleasant Keel

Except for Saturday's high of 91 and Sunday's 87, the week stayed on a pleasantly warm keel.

Orinda's weather bird was swollen with pride at his accomplishments. "Only had 2 complaints about the weather this week," he said, with understandable vigor.

What were they? Well, he said, one blast was over the lack of rain and the other came from a lady who was bored with it all.

"She wanted me to stir up at least a dust storm," he said with disdain.

No dust storm, no rain, and here are the temperatures:

	High	Low
May 26	67	46
May 27	79	45
May 28	91	43
May 29	87	52

Memorial Day Weekend Quiet -- No Bad Wrecks

Just one injury accident — and that one minor — was reported over the holiday weekend in the Lafayette-Orinda area.

Officers in the county office of the California Highway Patrol called it "a very quiet and lovely weekend."

The one injury accident occured at 4:45 p.m. Friday at the intersection of Hidden Valley Road and Mt. Diablo Boulevard. Niel Alexander MacDonold, 2, a passenger in his father's car, was injured slightly when the car was struck from the rear.

Patrol officers reported Cleo P. Germody of Oakland was cited for speeding after her car struck the rear of the car driven by Alexander MacDonold of 5 Hidden Valley Road, Lafayette.

A Richmond driver escaped injury when he drove off Pleasant Hill Road, .3 of a mile north of Reliez Valley Road, Lafayette, at 4 a.m. Saturday.

The driver, Edwin T. Robinette, told officers he fell asleep. He was cited for driving on the wrong side of the road, the patrol reported.

New Fire Station Plans Approved

Approval of the architect's preliminary sketches for proposed Fire Station 3 at Honey Hill Road and Via Las Cruces has been given by St. Stephen's Episcopal Church, according to Clarence Betz, secretary of the Orinda Fire Board.

The church board gave its approval in a letter to the fire commissioners.

THE FIRE BOARD met May 26.

Next step in the creation of Fire House 3 will be the preparation of final plans, which will also be submitted to the church board, Betz said. Approval of the plans by the church is necessitated under an agreement between St. Stephen's and the fire board, which purchased the land from the church.

The Orinda Fire District treasury may show an estimated $3000 surplus at the end of the fiscal year, Betz told the board at its last meeting.

IN OTHER business May 26 the commissioners voted to meet with representatives of other area fire districts to discuss financing of ambulance service.

Betz said the date for the meeting will be set by the County Administrator.

The meeting follows requests from the Pomeroy Ambulance Service of Walnut Creek for possible subsidization of the service by local fire districts.

Man Breaks Wrist In Tractor Fall

Ralph Mutschler of 3503 Shangrila Road was thrown from a farm tractor near his home shortly after noon Memorial Day and suffered a broken left wrist.

He was taken to the emergency ward of Walnut Creek Kaiser Foundation Hospital where his arm was x-rayed and placed in a cast.

County Zoning Law Proposals Debated Before Planners

Developers and contractors, private planning groups and other citizens tossed suggestions for amending the County Zoning Ordinance into the hopper Tuesday night before the County Planning Commission in Martinez.

After a hearing lasting nearly four hours the commission instructed its technical staff to prepare another draft of the amendments, encorporating in the draft some of the suggestions advanced.

MAIN POINT DEBATED was the staff's suggestion that the lot width of the half-acre zone be increased from 100 feet to 120 feet, according to Principal County Planner H. Russell Griffith.

Developers and contractors in the audience were in general accord among themselves in opposition to the increase, Griffith said. "They want the width to stay as is," Griffith said.

Instead of having the full mathematical half-acre size of 21,780 square feet, the staff has proposed a decrease in the requirement to 20,000 square feet.

"THIS WOULD BE a decrease in the area, of course, but the idea is that the increase in frontage (width) would give a better proportion to the lots," Griffith said.

The decrease in total size was opposed by planning groups such as the Contra Costa County Women's Planning Council. Mrs. Mitchell Farrar, chairman of the council, was one of the speakers.

Mrs. Farrar said, "Since variances of 2000 feet are allowed when land use permits are applied for, this would mean a larger cut than is proposed."

Ed Rowland, president of the Planning League of Contra Costa County, suggested more consideration should be given to the R-1-B zone for undeveloped portions of the county. The latter is a comparatively new zone size of 15,000 square feet.

Rowland also indicated the proposed width increase in the half-acre zone would be proper.

Sideyards and frontage requirements of the smaller lots were debated, with realty representatives generally favoring a dcrease from five-foot and 10-foot to five and five, Griffith said.

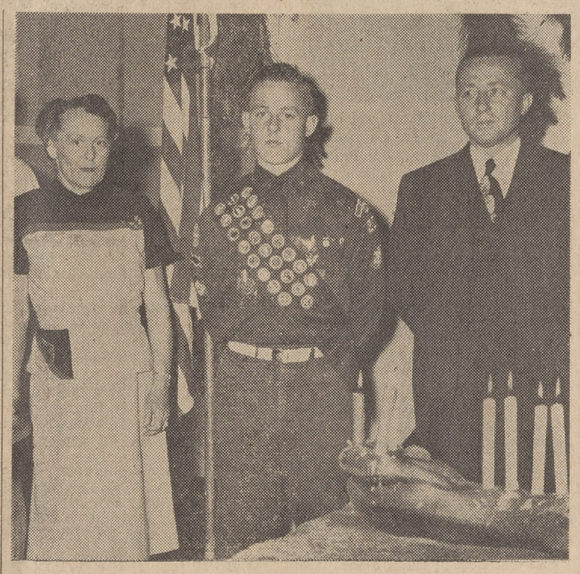
MRS. FARRAR urged against this and recommended a requirement that small lot coverage be no more than 40 per cent. "If there is more, the population density goes up and a basic planning principle is neglected: the relationship to the use of streets, schools, parks, the load on water and sewer mains, public utilities, fire protection and police services," she said.

The planning staff suggested a provision allowing offstreet parking for residential areas adjoining business zones through the issuance of a land use permit.

This met with no opposition.

IN OTHER discussion, representatives of the Emergency Committee for Master Planning, the Women's Planning Council and the San Ramon Valley Improvement Association spoke in opposition to allowing medical-dental offices and clinics in residential zones through land use permit.

Among those taking part in the Planning Commission hearing were: Ben Hamlin, Frederick Kracke, Jack Marchant, Kermit Lincoln, William Anderson and others from the various contractors and realtor groups; Mrs. Farrer, Joseph Zablocki, Ed Rowland, Richard Mitchell (Pleasant Hill Civic Council), Mrs. J. Byrne Powell, and others from citizens' planning groups.



EAGLE SCOUT Steve De Maria is shown with his parents, Mr. and Mrs. Joseph De Maria, at Orinda Boy Scout Troop 207's Eagle Court of Honor May 25 at Fellowship Hall, Orinda Community Church, where Steve received Boy Scouting's highest award.

Olsen Land Use Permit Appealed

Appeal of the County Board of Adjustment's granting of a land use permit to H. M. Olsen to build houses on two lots of less than half-acre in Lake Orinda Highlands was filed Wednesday morning.

John Van Dyne of 20 El Camino Del Diablo filed the appeal and was told the full County Planning Commission would hear the matter at 8 p.m. June 14, he said.

THE COUNTY BOARD of Adjustment, which is made up of three planning commissioners who serve alternately on the board, approved the permit May 25.

Unless an appeal is filed, land use permits normally take effect 10 days after approval is granted.

Van Dyne, who presented a petition signed by some 30 other residents of the area at the May 25 hearing in protest to the application, said yesterday:

"We appeal to all individuals and groups in Orinda to suport us on this. If it can happen here, it can happen in any area of Orinda or of Contra Costa County."

Olsen, of 3727 Sundale Road, Lafayette, asked for a permit to build houses on lots 12 and 13, Block "N" in Lake Orinda Highlands.

THE AREA IS zoned R-A (half-acre). Associate County Planner George Brenner said one Olsen lot is "about one-third acre and the other is a little less than a half-acre."

The adjustment board indicated basis for approval of the permit was that some lots in the area are less than a quarter-acre, built on prior to the establishment of the R-A zone.

But Van Dyne said yesterday the residents of the area, "even those with smaller lots," are objecting to "any further breaking down of the county zoning ordinance."

He added, "The mere asking for 10-foot sideyards is an indication that the houses would have to be squeezed on the lots."

Local Cadet Solos At Florida Station

Naval Aviation Cadet Alan D. Johns, son of Mr. and Mrs. Andrew A. Johns of 32 El Toyonal, recently made his first solo flight at Whiting Field Naval Auxiliary Air Station, Pensacola, Fla.

Johns attended the University of California in Berkeley before entering the flight training program through the Naval Air Station at Oakland.

Thomas Permit Decision Is Set For Wednesday

The County Board of Adjustment has set Wedensday night for a decision on Dr. W. F. Thomas' application for a professional building at Moraga Highway and Southwood Drive, according to H. Russell Griffith, principal county planner.

The adjustment board held a public hearing on the application May 25 and took the matter under advisement.

A written protest from Paul Vashell is on file with the board. Vashell listed deed restrictions calling for residential use of the property, plus what he called traffic and parking problems and "the lack of need for additional medical centers" in Orinda as main arguments against the application

Griffith said that Dr. Thomas' earlier request for rezoning of the property on Lot 42, Moraga Estates, from residential to retail business, is still on file with the County Planning Commission.

He said no request for a hearing on the rezoning has been made, pending adoption of the Orinda master plan and the outcome of the land use permit application.

Some Moraga Estate residents, through their improvement association, Orindans, Incorporated, fought Dr. Thomas' earlier request for rezoning, but indicated no opposition to a land use permit providing certain restrictions are adhered to:

Those are, that the building should be limited to two stories and have adequate parking space.

Decision Delayed On Meadow Pool

A decision on Meadow Pool Corporation's request for a land use permit was held over by the County Planning Commission Tuesday night.

The commission had set Tuesday night for the decision, but decided to continue the matter until all seven members of the commission can be present.

Chairman J. P. Connors and Commissioner Donald Ward were absent from Tuesday's meeting, according to Principal County Planner H. Russell Griffith.

Whether or not the commission will hand down a decision next week is unknown at this time, Griffith said yesterday.

Meadow Pool, Incorporated, a non-profit group headed by Frank A. Liebold Jr., seeks a permit to establish a community swimming pool to serve some 250 families on a membership basis.

Site of the proposed 6-acre pool area is near the intersection of Heather Lane and Valley Drive. Several nearby residents have protested the application.

Fire Annexation Hearing June 21

The County Board of Supervisors last week scheduled a public hearing June 21, 10 a.m., on proposed annexation of more than six square miles to the Orinda County Fire Protection District.

The land involved, recently withdrawn from the Briones Fire District, was described yesterday by Deputy County Assessor Jerry Tara as being bounded on the south side by Mt. Diablo Boulevard and extending west to the county line, northwest to the Richmond - Kensington - El Cerrito area, and east through San Pablo Dam to the present Orinda Fire District.

"It is mostly East Bay Municipal Utility District property," Tara said.

The Orinda Fire District has requested the annexation, Tara reported.

Orindans Preparing For Pine Grove Vote

Twenty-eight hundred Orinda homes received copies of Francis Violich's report, "Orinda at the Crossroads — An Analysis of Proposed Land Use in Central Orinda," this week, Chairman James Hupp of the Orinda Association's Planning Committee reported yesterday.

The report of the Planning Committee's consultant, recommending community center use of the Pine Grove, was mailed to all Orindans as part of the preparation for the community-wide balloting on the question of future use of the Pine Grove.

(Se editorial, back page.)

AT THE SAME time, Pacific Intermountain Express, which is planning a $750,000 office headquarters at its 10½-acre property at the Pine Grove, announced it is asking Orindans to ask questions regarding the company's plans.

"Orinda residents are invited by PIE to ask any questions they may have regarding the company's Orinda administrative office which has been designed for the Pine Grove site by Cliff May Associates," C. E. Johnson, PIE executive vice-president, said.

"Questions of general interest will be answered through the 'Pine Grove Question Box' advertisements appearing in The Orinda Sun, space permitting. Other questions will be answered by individual letters from PIE."

Johnson asked that questions be addressed to him at Pacific Intermountain Express, Box 958, Oakland 4.

THE ORINDA Association is sponsoring a "Town Meeting" on the Pine Grove question June 20, 8 p.m., at Orinda School auditorium.

Arrangements for the program that evening are being made by Paul Pollaczek, chairman of the association's Civic Affairs Committee, with the view of presenting all views on the subject.

Subsequent to the "Town Meeting," ballots will be mailed to all Orindans, not later than July 1, according to present plans.

William Thurston is chairman of a committee arranging for the voting procedure, while W. W. Lee is chairman of a committee arranging for speakers to appear before local improvement groups.

THURSTON yesterday reported that PIE has agreed to share in the cost of printing and mailing of ballots.

He urged Orindans to "read both reports — the Violich report and the PIE report — talk the matter over with friends and neighbors, and attend neighborhood association meetings for discussion of the problem."

"I know that some organizations are reluctant to hold additional meetings at this time of year," Thurston said.

"But this subject is so important that such meetings should be held. Intelligent action is impossible without thorough understanding.

"Also, attendance at the June 20 'Town Meeting' should be as large as possible."

IN A LETTER accompanying the Violich report, President Robert Boyle of the Orinda Association stated to all Orinda residents:

"For the past several months your Board of Directors of the Orinda Association has been faced with the problem of dissemination of the full facts concerning the rezoning of the parcel of land in Orinda that is often referred to as the Pine Grove.

"Like you, the members of the board are proud to be residents of Orinda. Also, like you, they have no more than ordinary self-interest in this matter. But they have no motives, beyond the responsibility to you as your representatives in matters pertaining to the association.

"All of us on the board have felt the full gravity of this situation. And because of that responsibility we have, through our very able Planning Committee, come up with an objective report prepared by Francis Violich, city planning consultant, covering an analysis of this proposed land use in central Orinda.

"A COPY OF this report is enclosed and we urge that you give it your time and careful study.

"Because of its importance, this matter will be settled through a polling of the people, by mail ballot, that will be sent to you on or before July 1, 1955. This ballot is being prepared by your Civic Affairs Committee, and plans are now being formulated to determine the proper wording and mechanics of transmitting the ballot to and from you.

"Some of you might be asking, 'Why is so much fuss being made over this?' In essence that question might be answered by simply stating the principal facts, which are:

"THIS IS NEITHER a consideration of architectural design of a building on a certain site, nor is it one of Orinda versus a certain organization.

"But, rather, it is one of the principle of whether or not we are to establish precedent with this type of zoning in Orinda, thereby opening the gates for similar zoning practice for other commercial interests in areas within the boundaries of Orinda School District which are yet to be designated for sale, and which are owned, for the most part, by major landholders.

"It is probable that once the capsule of the Pine Grove rezoning has jelled, these major landholder interests could have an open invitation to rezone and sell as they please.

"TO DATE we have an excellent tradition of careful control regarding the rezoning of land. However, with the establishment of a precedent of zoning for the Pine Grove, your association could then find it difficult to continue to assist you in preserving the rural character and suburban quality of Orinda.

"Again, we ask that every resident in Orinda give this report very careful study. 'Orinda is, indeed, at the Crossroads'."

Breed to Discuss Alternate Site At Town Meeting

Horace Breed announced this week that he plans "to present drawings, photographs and factual data pertaining to an alternate community center site," at the June 20 "Town Meeting" at Orinda School auditorium.

In a letter to F.A. Sawyer, vice-president of the Orinda Association, Breed stated he has agreed to serve as chairman of "a Civic Affairs subcommittee named by Paul Pollaczek to study and report on the possibilities of an alternate community center site."

Pollaczek is chairman of the Orinda Association's Civic Affairs Committee.

After asking for a place on the agenda of the "Town Meeting," Breed wrote:

"THE LOCATION I have in mind includes that flat tableland lying west of the Orinda Highway opposite the Pine Grove at about the same elevation as the intermediate school site now under construction above the Pine Grove.

"Paul has asked me to select the balance of the committee, which I will do shortly.

"My desire in this matter is to explore all the facts from a practical, realistic point of view. If the facts pertaining to this alternate site indicate said site is feasible, suitable and at the same time more economical and more advantageous than the Pine Grove for a community center, then the people of Orinda should know these facts.

"PRELIMINARY investigation indicates:

"1. Twenty-five-plus acres including the tableland are available.

"2. This land can be annexed to the Sanitary District.

"3. Cost of land will be but a fraction of that which would have to be paid for the Pine Grove. Exact cost later.

"4. COST OF ROAD and utilities to alternate site will be well within reason. Exact figures later.

"5. Level tableland area exceeds amount of flat land in Pine Grove.

"6. Beautiful picnic sites and recreational area studded with live oaks would be included and adjoin the tableland building and parking site.

7. Grandest view of all Orinda is had from this location.

"8. All this will be easily accessible via Orinda Village by-pass freeway soon to be built under county bond issue."

Chamber to Vote On Grove Tuesday

Orinda Chamber of Commerce members will vote Tuesday noon on the controversial Pine Grove issue.

The meeting will be held at the Willows. Ned de Laveaga, newly-elected president, will conduct the meeting.

Voting will decide the chamber's endorsement of one of the two proposals for future use of the Pine Grove—Pacific Intermountain Express Company's plan for a $750,000 office building or the Orinda Planning Committee's recommendation for community facilities.

A committee headed by Clarence Betz will supervise the balloting.

Funds from Sun Subs, News Items Will Be Used to Buy School Library Books

School library books will be purchased with the $189.90 received during the past school year by the Orinda Mothers Club through its subscription drive for The Orinda Sun and its news-correspondence for the paper.

This was announced yesterday by Mrs. Coleman Huntley, club president.

After conferring with Herman Silverman, publisher of The Sun, Mrs. Huntley explained:

"The money was originally designated for playground equipment.

"HOWEVER, due to building and anticipated changes at our various schools, it does not seem feasible to use it in that manner at this time.

"So this year's project for use of the money will be library books for the schools.

"Some of these books will be placed in the library in the new addition to Sleepy Hollow School, now under construction and scheduled to be ready by fall. Others will be in the libraries of the Glorietta and Orinda Schools, which also serve the Del Rey School."

THE $189.90 includes $159.90 in net proceeds from new subscriptions obtained for The Orinda Sun by the Mothers Club.

In addition, $30 was paid to the club by The Sun for news items turned in by the club.

Payment for such items (exclusive of regular Mothers Club publicity) and of net proceeds from the club's annual drive for new subscriptions to The Sun has been a practice for several years.

Youth Prominent At Church Rites

Young people were presented, and did some presenting of their own, at the 11 a.m. worship service of the Orinda Community Church last Sunday.

An address honoring Raymond L. Welles Jr. was given by R. O. Monosmith, chairman of the church's Board of Christian Education.

Pilgrim Fellowship scholarships were awarded to Janet Johns and David Van Daff, graduating seniors. The scholarships have been raised and given by the young people themselves.

Delegates to the summer camps conducted by Congregational churches at their 800-acre forest preserve northwest of Cazadero were commissioned by Welles and the Rev. Fred Morrow.

ALMOST A SCORE of youth delegates will attend the various camps.

Chuck Blue and Nancy Grah represented the seventh grade class in a formal presentation of their class gift to the church, brass altar vases, organ light and offering plates. Elbert Wayne is the teacher.

Gold pin wearers of the junior choir sang with the chapel choir in a Memorial Day anthem under the direction of Margaret Popovich.

GIRLS OF THE sixth grade under the leadership of Evangeline Winkler have bought and planted three incense cedars in the parking turn-around as their class project. In 1954 they furnished acacia trees for the slope adjoining the library.

"Children and young people are not just the church's future, but its present as well," is the comment of Community Church minister Fred Morrow.

He added, "Naturally in the higher classifications and with higher liability limits the savings will be materially increased."

Cornwall said the National Bureau also inaugurated an improved form of medical payments coverage issued in connection with automobile liability policies at rates lower than heretofore charged.

Also Wednesday the National Automobile Underwriters Association, on behalf of its member and subscriber companies, reduced the California Comprehensive and Collision premium levels on all passenger type cars, overall, by 14.6 per cent.

The association said that in this county the total of Comprehensive and $50 Deductible Collision premiums on a new low-priced family car, with no drivers under 25, will drop from $74 to $64.

Sheriff Brown OKs Off-Duty Jobs For Deputies

A directive permitting deputies to engage in outside work contingent upon the recommendation of their superiors was issued last week by Sheriff Harry A. Brown.

Former Sheriff James N. Long issued a "no work" order in June 1946, to curb after-duty employment by his deputies.

SINCE ENTERING the sheriff's office in January, Brown, in an attempt to enforce Long's order, has sought opinions from both the County Civil Service Commission and AFL Central Labor Council to guide him in fixing a policy.

The Civil Service Commission held that while a department head may make a resaonable request of a worker in regard to county employment, the county does not have the right to prohibit an employee from holding outside jobs.

The County Employees Union, Local 302, said "We of organized labor do not approve of county employees working in positions, even part time, that are covered by union affiliations." The Central Labor Council declined to take a stand.

BROWN SAID that after consideration and approval, if the case so warrants, the individual will be informed.

"Although the original directive indicated that the employee should sign the directive and agree to abide by the instructions," said Brown, "this should have stated that the individual had read and understood the directive.

"All deputies agree to abide by the rules and legal orders of their superior officers when they take the oath of office," Brown concluded.

The action came May 26 at a district board meeting.

In other action, the board:

3. Rejected an offer from owners of land at the rear of the district headquarters, 1822 Mt. Diablo Boulevard, Walnut Creek.

The offer was to sell some 6000 square feet of space to the district for $9500. Engineer-Manager Gerry Horstkotte recommended against the purchase until "we exhaust other site possibilities" for better district headquarters.

'The Real Thing': Are You Prepared?

(Editor's note: Lester Clark, assistant director of the Contra Costa County Civil Defense and Disaster Council, has issued the following remarks on the May 5 "yellow alert:")

By LESTER CLARK

What did you do when the Air Raid siren sounded on May 5? Did you recognize and accept the siren as the **real thing?** Did you remember recent press releases stating there would be no more tests?

These questions and others are in order and each family should take advantage of the lessons learned in this experience.

WHAT DID YOUR school do? Did it take steps to protect your children? Some indications show that while many schools did activate their disaster plans, others took no steps whatsoever, school went on as usual, while still others confused the fire drill signal with the air raid signal, and children were sent outside.

What did you do at home? Did you turn your radio to CONELRAD 640 or 1240 to receive your civil defense instructions and information? If you found your radio or TV operating as usual, did you remember that it takes a few minutes for CONELRAD to go into effect?

Were you protected by the knowledge available to you in civil defense training through Basic Civil Defense classes now being held in many of our schools?

Were you glad you had that three days supply of food and water — that supply that you are now trying to build up to take care of your family for a week?

WERE YOUR FIRST aid supplies complete and ready for use? Were you glad you had a good supply of that important medicine you or some member of your family have to take every day? Were you glad you had just completed that first aid and home nursing course?

Were you glad your family had a Home Fire Prevention program in operation — that all fire hazards had been removed and that you had the necessary fire fighting tools?

Were you glad your gas tank was full so you could put your family in the car and follow dispersal routes if you were so directed?

WERE YOU GLAD your identification tags had arrived and that each one in your family was safely tagged? (You may pick up order blanks at your local grocery store for the tags. The tags cost 25 cents each.)

Were you glad you had that underground shelter if you live east of Highway 21 where it is practical to build such a shelter?

Maybe the thing you should be most glad about is that the alert was over in a matter of minutes — maybe you aren't really prepared, yet, maybe the next alert won't be over as quickly.

Here's Review Of Civil Defense Warning Signals

Here are the types of air raid warnings in use by civil defense agencies.

Lester Clark, assistant director of the Contra Costa Civil Defense and Disaster Council, asks citizens to memorize the signals, with the assertion that "No 'test alerts" are scheduled, so any warning must be accepted as the real thing."

ALERT SIGNAL — a steady blast of three to five minutes duration, which indicates to the public to act according to the operation plan of the local civil defense authorities. This signal signifies "attack probable" and that there is presumably time to disperse. All dispersal plans go into effect on this signal without further instruction.

TAKE COVER SIGNAL — a wailing tone or a series of short blasts of three minutes duration. This will indicate attack is imminent and there is time only to "duck and cover," or take the best shelter available.

The "Warning White" or "all clear" signal has been eliminated, since hazard of radioactive fallout

Stock Cars to Take 200 Laps In Sunday Event

Auto racing, on a big-time scale, gets its first test in Contra Costa County Sunday afternoon.

Promoter Gene Marsh has scheduled a national 200-lap, late-model stock car championship race at Contra Costa Speedway near Walnut Creek.

If the event is successful, Marsh plans to bring two more major automotive events to Contra Costa tantamount to a capacity crowd of County. Success for a big race is 4,000 at the local oval.

Marsh is optimistic and anticipates a turnaway crowd. If the customers show up in large numbers, it will assure the Walnut Creek promoter of the "fat" guarantee necessary to hold major racing. The purse alone, will approximate $3,000. Added to other promotional expenses, Marsh is gambling that $6,000 will go through the turnstiles, "to meet the over-all expense" budget.

If this happens, he will be encouraged to expand the facilities, and go all-out for three or four big races a year to augment his Friday weekly hard-top shows.

Under sanction of NASCAR, the gates will open at 11 a.m., with warm-up laps at 11:30 a.m. Qualifying will roll under way at noon, and the 24 fastest cars will get the green flag at 2:30 p.m.

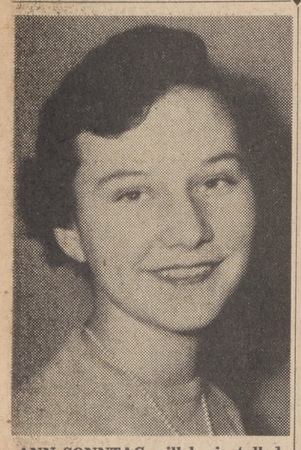
Cummings Queries San Ramon Sewer Plan; Directors Award Job Contract

By DUANE MEYERS

County Board of Supervisors Chairman H .L. "Jack" Cummings made a last minute appeal on May 26 to the Central Contra Costa Sanitary District Board of Directors.

He asked, on behalf of protesting San Ramon Valley residents, that the sanitary district delay work on the contemplated 36-inch sewer main to serve the valley.



ANN SONNTAG will be installed as Honored Queen of Job's Daughters, Bethel 218, in ceremonies at 8 o'clock tomorrow night at Veterans Memorial Building, Lafayette.

The county board, on April 7, gave the sanitary district power to set up the special assessment district outside its own boundaries to make the large sewer line financially possible.

But, said Cummings on May 26, "The people are not happy with the board of supervisors or with the Central Contra Costa Sanitary District's action."

HE SAID HE HAD attended a meeting in Danville the preceding night.

"Two hundred "had me on the hot spot for two hours with written questions about the sanitary district," he told the district directors.

The supervisor said the residents' main concerns were:

1. They felt the line size was too large for the immediate needs of the valley.

2. They wanted to know if all areas coming into the district later would pay assessment costs and if money raised from those later assessments would be "credited to their account."

3. They are worried that the line will open the valley to small lot subdivisions, creating, among other problems, overcrowded schools.

Cumings concluded, "They admit their needs, but they want a little more time to study this. They asked me to come tonight and ask your consideration."

CCCSD Board President Irving Roemer replied, "If there is something new, something different to say, we will listen."

But he asserted that the sanitary district has held public hearings on the question and had threshed out all the points Cummings brought up.

THE CUMMINGS APPEAL came seconds after bids were opened and tallied from seven consrtuction firms.

Encon Corporation of Los Angeles was awarded the contract on its low bid to install the sewer main to serve the 9000-acre local improvement district, which embraces some 13 square miles of the Danville-Alamo areas.

The firm's bid was $685,213.

Unless legal acton is brought against the district, and indications were that such was contemplated, work would start on the line by the middle of June.

TWO DANVILLE residents who have spearheaded opposition against the big sewer line told The Sun later the group plans to study the contract and will "probably" take the matter into court to delay work on the line.

They asked not to be named.

In one exchange between Cummings and Roemer, the sanitary district board president said, "We've given plenty of time to this study, as provided by law. We are under considerable pressure to get this line built this summer." Cummings said, "Time is of the essence, I realize that."

Roemer said, "We are thankful for that. You and your board acted properly."

ROEMER SAID the line size objection had been heard. "This has been thoroughly engineered by our engineer (Gerry Horstkotte) and by William O'Connell (county consultant on master sewer planning)."

O'Connell, who was present at the board meeting that night, repeated his assertion, that, "in my best judgment" the present plan is a "logical unit of the overall plan of the county."

He said population alone does not determine sewer line sizes and stated infiltration is one of the principal determinants.

In reply to the point about lot sizes, Roemer stated, "There's a planning commission under your (Cummings') supervision that considers lot sizes. That's not a function of this board."

ROEMER ALSO pointed out that a letter received from the Danville Union School District had inquired about sewere service in relation to its needs.

He read the letter. Additions to the Charlotte Wood School will be planned under the assumption that adequate sewer service will be supplied by the proposed line, the school district wrote.

In regard to rebates, Roemer and other board members stated that the board had established a general policy on the point and that further details were to be worked out.

BOARD MEMBER Ernest Spiegl the low bid would be accepted. "I feel that the board is under an obligation to build now," he remarked.

His motion was seconded by Frank Salingfere.

The board voted unanimously to accept the bid.

Flanking Cummings at the meeting were the following from the Danville-Alamo area who spoke: Herman Sandkuhle, W. D. Barton and C. R. Graff.

They questioned the line size and the rebate policy.

Spiegl said to the group: "The people in your area have criticized the county officials for not planning properly. Good planning calls for an adequate line down there. . . . Why, then, do you criticize this plan?"

Crowning four weeks of intense interest and effort on the part of several ambitious youngsters of this area, the "Teenager" subscription contest for The Lafayette Sun and The Orinda Sun came to a smashing climax Saturday afternoon.

Although he fought valiantly all last week to maintain the lead he had enjoyed most of the time during the contest, Mike Lobenberg of Lafayette finally lost it to Miss Noel Jones of Orinda.

BY GATHERING the huge total of 263,500 votes, she topped Mike's total of 230,850 votes, and the most-desired grand capital prize — a check for $250—went to her.

Mike received a deluxe Smith-Corona portable typewriter.

Herman Silverman, publisher, presented the awards Saturday evening.

The awards also included a B & H flyer bicycle for Steve Ames, a Sparton portable radio, Susan Nowland; a 3-speed Sonic record player, Roger Hartman; a shock and water-resistant wrist watch, Jim Fleming; and a Duoflex camera kit, Susan Burns.

The young salesmen, and all others who participated in the event, also were paid a cash commission on each subscription, so it truly was a case of "Everybody Wins."

OFFICIAL CONTEST judges making the final tabulation of votes and declaration of winners were Mrs. Laura E. Minor, Jack Pedder and Fred Wagner.

Hundreds of new subscribers added during this contest are welcomed, and thanks are also offered those regular readers who renewed through these junior salesmen.

Appreciation of the publisher and Mrs. Agnes Baugh of Liner Circulation Service, contest manager, is also offered the scores of boys and girls who took part.

Their consistent effort and good sportsmanship were commendable.

They in turn, want to thank those who made it possible for them to win and earn, by their subscriptions to these newspapers.

We, the officially named judges in The Sun "Teenager" Contest, having added ballots issued on subscriptions during this final week to contestants' acknowledged totals up to that time, do hereby declare, to the best of our knowledge and belief, that the prize winners are:

The bride is now working for the Pacific Telephone and Telegraph Company.

Adoption Group Hears Talk on Social Workers

Experiences of a medical social worker at Contra Costa County Hospital in Martinez were discussed by Miss Lillian Wurzel at the May meeting of the Contra Costa County Adoption Auxiliary.

The meeting was held at the home of Mrs. Henry Sattler in Concord.

Miss Wurzel, medical social service director of the hospital, described the role of a medical social worker in helping patients through the often difficult period of their hospital stay.

"OF PARTICULAR value," stated Miss Wurzel, "is the personal interest expressed by the social worker in patients who may otherwise feel an acute lack of friendly understanding in their present situation."

Miss Wurzel also stressed the close cooperation between medical social workers and other agencies that may also be in a position to help the patient.

Responding to Miss Wurzel's mention of need for infant clothing at the hospital, Mrs. Sattler will take charge of a drive by auxiliary members to collect infant clothing during the coming month.

Mrs. Jack Marchant of Lafayette, chairman of the speakers bureau, announced an engagement to speak on adoption to the Contemporary Problems Section of the American Association of University Women.

THE NOMINATING committee proposed the following slate of officers for next year:

President, Mrs. George Pence of Lafayette; vice-president, Mrs. Foster Davis of Concord; recording secretary, Mrs. Melvin Reed of Walnut Creek; corresponding secretary, Mrs. Edward Dunlap of Walnut Creek; treasurer, Mrs. Jack Marchant of Lafayette, and members of the steering committee, Mrs. Donald Fibush and Mrs. Harold Paige, both of Lafayette.

Walt Friberg, Patricia Ott Recite Vows

The former Mrs. Patricia Ott of 49 Tara Road, became Mrs. Walter E. Friberg in a wedding ceremony at Carmel-by-the-Sea last Friday afternoon.

Attending the ceremony for the two Orindans were Mr. and Mrs. Stanley Anderson of Los Angeles, friends of the bride.

Afterward the newlyweds motored along the famed 17-Mile Drive and proceeded to Big Sur Lodge, 28 miles below Carmel.

The next day they drove down San Simeon Highway to Paso Robles. They returned to Orinda Monday.

MR. AND MRS. Friberg are living at the home where Mrs. Friberg has resided, on Tara Road. Friberg said the home and guest house he owns at 29 Via Floreado will be rented.

Mrs. Friberg has two children—Bonnie, 14, in the eighth grade at Orinda School, and Bradley, 6½, a student at Marylrose School in Piedmont.

After the end of the present school year, the Fribergs plan to take an extended honeymoon trip to Florida and possibly to Boston for a visit there with Friberg's parents, Mr. and Mrs. A. V. Friberg.

MRS. FRIBERG is leaving her job as cosmetologist at the Orinda Beauty Shoppe today. The shop was founded by Friberg's first wife, Sally, who died last September, and Willa Hubbard. The new Mrs. Friberg did not start working there until after the ownership of the place had changed, and she and Friberg first met when they were introduced to each other by Mr. and Mrs. Karl Fitch of La Espiral at a dinner party early last February.

The new Mrs. Friberg's former husband, William Ott of Orinda, died in February, 1954.

Friberg, owner of the Country Club Realty at 53 Orinda Highway, has been active in various community activities.

He is program chairman of the Contra Costa Real Estate Board and was chairman of the recent nominating committee of the Orinda Chamber of Commerce. He was president of both the Orinda Loins Club and the Orinda Chamber of Commerce during the 1952-53 year.

Junior Center of Arts Hosts Showing of Pacifica House

The 1955 Pacifica House, on Camille Avenue, Danville, decorated by Jackson Furniture Company of Oakland will be previewed and open for inspection for the benefit of Junior Center of Arts from June 4 to 11 inclusive.

The theme of the 1955 Pacifica House is the bringing of redwood furniture from the outside into the interior. The redwood is refined and worked with copper in a most interesting fashion.

ESPECIALLY WORTHY of note are the handwoven redwood pull-up blinds that add warmth to the living room and family room and the sunken living room with the redwood pink tile floor created from a standard concrete pour.

The children's private play-yard with a door leading right into their room from outside and another private patio off the master bedroom through louvered doors is one of the main attractions .

The fireplace wall in the living room is flanked with colorful cushions and pads and the plantings on the hearth carry out the indoor-outdoor feeling of the terrace off the living room.

ALL OF THE wallpaper and floor coverings have been designed specifically for the Pacifica House from the redwood color palette.

For the first time redwood is being used in a most unique and elegant manner. The Pacifica House reveals a new refinement in this wood never before attempted. It lends itself to the relaxed, informal way of living, yet you feel the innate grandeur of its heritage.

The arrangement committee has planned an invitational cocktail party tomorrow from 3 to 7 p.m.

HEADING THE refreshment group is Marshall Shapiro of Orinda.

Members of the Junior Center Board will staff the house as hostessses on Saturday and Sunday afternoon. Oakland Junior League members will act as hostesses Monday and Tuesday.

Art League members will have the afternoons of Wednesday and Thursday, and next Friday and Saturday members of East Bay Children's Theater will take over.

PACIFICA HOUSE will be open on Sunday from 10 to 8 p.m., and from 12 to 5 p.m. for the balance of the week through June 11. Tickets are $1 each, and may be purchased from any member of Junior Center of Arts, or at the door of the house.

The Junior Center of Arts, Inc., is a non-profit organization sponsored by Junior League of Oakland, Art League of the East Bay and East Bay Children's Theatre, Inc.

The purpose of the Junior Center of Arts is to provide healthy outlets for children's energy through the development of creative interests and aptitudes.

BESIDES A Junior Museum there are classes in painting, sculpture, ceramics, programs of music, story telling and writing, nature study and choral work, all of which are free of charge.

Mrs. Marshall Shapiro of Orinda is President of the Board of Trustess of Junior Center of Arts.

Baseball 'Little League' Will Start Play in W.C. After End of School Year

By ERWIN MATTSON

A 10-TEAM Little League of baseball is scheduled to get under way in Walnut Creek just as soon as school is out.

The program is under the direction of the Walnut Creek Recreation Center and will run through the vacation period.

Recreation Dirctor Ruth Wallis and "Red" Gillham have been the guiding lights in setting up the program.

The players in the Little League will be having a good time in wholesome sport.

There's also the fact that playing experience will produce more and better baseball players in the near future.

Speaking of the future—the pigskin game commonly known as football is not far off. Looking back, it hardly seems possible; looking ahead, it's just around the corner.

CONGRATULATIONS, incidentally, are in order to both branches of the Contra Costa Junior College.

Both the East and West Campuses won their baseball leagues, then their sections and met up for the Northern J.C. title May 20 and 21.

The West Campus won.

Gene Corr coaches the West Campus, while Hugh Boschetti is the East mentor.

Both had champion squads. Knowing them both real well for a good many years, I can honestly say it couldn't happen to two nicer and more capable guys.

Jones, Miller Picked for Try On All-Star Team

Two members of the Acalanes championship baseball team have been selected on a tryout basis for the All-Star game to be played in the Oakland ball park Sunday.

The two are Richard (Red) Jones and Paul Miller.

Some 36 players, picked from the East Bay, have been undergoing workouts since Wednesday at Bushrod Park in Oakland.

THE GAME will be one in which the San Francisco and the Peninsula All-Stars will oppose the East Bay nine.

Coach Al Kyte of Oakland's Technical High is in charge, assisted by George Powles of McClymonds.

Jones is considered one of the Bay Area's top-flight hurlers, as shown by his season's record, which was a big factor in the Dons' league win.

HE HAD 99 strikeouts in league play and, in addition, is a good hitter.

Miller is a speedy centerfielder who was the leadoff batter with a .357 batting average for the season.

STRONG OF ARM and quick afoot, he has been a season-long standout.

The 36-player squad has to be pared to 15 for the game, and only time will tell how the Dons will fare when "cut time" comes.

Ferrarese Hurls Victory for Oaks Over Padre Nine

Don Ferrarese, the southpaw fast ball artist, was returned on 24-hour recall to the Oaks last week — and on the basis of his work Sunday, is not long for this league, as he threw one of the season's best games, to rack up the league-leading San Diego Padres 10-1.

In notching the win, Don, just down from Baltimore, allowed but three hits while striking out six and walking three.

Don took the lead when he hit a homerun in the third and later added a single, to give him a 2-4 day at the bat.

Prior to Don's win, the Padres had won 14 as against one loss to southpaw pitching.

Larry's 'A' Wins 2 in Walnut Creek Softball League

In last Friday night's clash between Larry's Flying 'A' and State Farm, on the Walnut Creek Recreation Center's diamond, the Flyers scored a narrow victory, 1-0.

The game, another in a summer schedule of the Walnut Creek Softball League, was a tense nothing all until the last inning when Dale Halbert drove in the winning 1 on a double.

HIGHLIGHT OF the evening was the pitching of Larrys' boy Dutch Bill who struck out 18.

In the Farmers-Flyers rematch on Monday, Larry's 'A' championed again, 4 to 3. The victors brought in their winning four runs all in the first inning.

JOHN HINSON pitched for the Flyers; Tom Joy for State Farm.

The ladies of the league have been limbering up and are scheduled to play their first game of the season Thursday.

Exciting exhibition games continue to be held Tuesdays and Wednesdays.

TONIGHT'S GAME brings together Kings Food Center and State Farm. All games begin at 9 p.m., preceded by Pee Wee League games starring enthusiastic youngsters, ages 9 to 12.

The public is encouraged to go all out and cheer for the home ball league at the expense of enjoying iself. There is no admission charge.

Harrison Wins Swim Honors At YMCA Meet

George Harrison, the Acalanes sophomore swim ace, has added further laurels to his fast-growing list by being a standout in the third annual YMCA age group and open swim meet held at the Albany Memorial Pool last Saturday.

Harrison carted home two trophies when he set a new Pacific Association and meet record, as well as tying the national mark in the 100-yard butterfly with a time of 1:01.7.

Harrison's other win came in the 100-yard backstroke when he stopped the clocks at 1:05.9.

Future Teachers Enjoy Luncheon

Las Lomas Future Teachers organization enjoyed a luncheon meeting May 22, when Mrs. Ann Lyle Smith of Parkmead School addressed the group.

After tracing the history of the teaching profession, Mrs. Smith answered questions regarding teacher-training institutions and pupil-teacher relations.

Faculty guests included Principal Leland S. Russell, Mrs. Kathryn Taylor, Robert Rowe and Miss Marjorie Rouse, adviser.

Acalanes Golfers Win Tournament, Dual Meet Titles

The Acalanes Dons played host to the County Golf Tournament last Friday at the Orinda Country Club and proceeded to score a win which gave them the county championship in tournament as well as in dual meet play.

Each school was allowed three entries, with the lowest total medal scores deciding the winner.

SIX SCHOOLS entered.

Acalanes rated number 1, Pleasant Hill was second, San Ramon third, Pittsburg fourth, Antioch fifth and Diablo sixth.

LOW INDIVIDUAL score was made by Ben Combs of Acalanes, who stroked a nifty 70, a record low for league play.

Following in order were Dick Shawl (P.H.) 74, Wayne Slippy (Antioch) 76, Wally Marsh (Ac.) 77, Lee Sanderman (Pittsburg) 79 and Bill Helfinch (San Ramon) 83

The Dons, under Coach Byron Nelson, took the dual meet title by winning 10 out of 11 matches held during the season.

About Our Happy Country Folks

By EDITH BOLMAN

The faithful William in a sad Sierra saga

Sad Sierra Saga-or-"Forlorn but Constant, the Ever Faithful William" True, too, as substantiated by the East Bay Municipal Utility District (than whom there is no more accurate mentor about Pardee Dam and surrounding pastoral areas):

Lo, after 15 years of fruitless vigil, William still stands on one side of the river waiting for his ladies: Nanette 1 and Nanette 2. In his heart he can not admit they are no more. So, when a boat goes by, there he stands with magnificant curling horns and quivering upper lip, just like the ad for Bock Beer.

Story: On a recent weekend the East Bay Mud invited some local worthy from Orinda and Lafayette Chambers of Commerce to visit the famous dam-site.

After feeding the gentlemen in spectacular fashion they took them down the river. The guests with Isaac Walton tendencies were popeyed and leering but the host explained they can brook no fishing so the water supply may remain pure.

Then they came upon William, and it was explained that 16 years ago he, then a gay thing and appropriately named Billy (being a goat) lived on the lush greenwards at the edge of the river. On the other side were two maiden ladies who (being nanny goats) called "Baa-aa" entreatingly, entrancingly and enticingly—with no net results.

We come to the roaring, sad climax

Nature, unable to tolerate this would-be harem suffering such unrequited love, hastened a log jam which stalled right smack in front of Will. The Nanettes seized the opportunity and were making fair headway when Nature slipped a cog and the logs started to move.

The ladies, not used to log rolling methods, went to their reward without reaching Will. Ever since he has waited at his post—hopelessly.

Sequel—Somebody suggested that Nanette 3 be obtained from somebody's back yard and sent to Will. Guess the logic behind the refusal of the East Bay Mud: Will hadn't tried to get to the ladies—just let them drown trying to get to him, so the Heck with him!

Conference of social workers coming up

Contra Costa ladies representing the Oakland Junior League at the National Conference of Social Work at the Civic Auditorium are: Mesdames Milton Vail, Warren Arnett, Richard Crouse, Lawlor Snow Weyand Milton and Victor Millar.

What do you do when you invite 80 and 125 turn up—just move over. Roger Dunn's engagement announcement party last Monday evening at the home of his parents Mr. and Mrs. Frank Dunn turned out to be a hilarious and wonderful party and, as far as the extras were concerned, everybody was more pleased than surprised.

Sister Judy came home from the University of Oregon for the holiday weekend.

Have you ever paused for thought on the subtle gradations and surprising scope of color in the life and times of a redwood tree? Observing His Majesty in the forest you notice velvet red browns, dark greens of mature growth and the tender tones of the new. Cut through the heart the redwood is pink and beige—the sawdust is creamy white—the surrounding earth shades combine all the tints of the spectrum.

The redwood is also versatile in use. Outdoor furniture you know already but now comes the laminated refinement of carefully designed indoor pieces—sophisticated and graceful. Table wear of polished burl and fabrics in the many tree colors—such is the Pacifica House which will be on display this coming week from noon to five and on Sunday the 12th from 10 a.m. to 8 p.m.

How the idea for Pacifica came about

The idea of Pacifica (not too sure about this but it is what we heard and sounds plausible) hit Harry Jackson during a Navy stint in Japan and the South Pacific. The Polynisian and Micronesian influence combined with the simplicity and light of a Japanese house has produced a style particularly adaptable to our Contra Costa living. Special features to look for in this particular house are:

The living room three steps down, with a hearth completely across one end—just sitting height, flows, because of the continuous pink tile concrete floor, into a sunken patio surrounded by three tiers upwards to ground level, to continue the living room theme.

Partitions between the living room, dining room and play room do not reach the 14-foot peak of the over all ceiling, so that the windows, just under the roof, subtly illuminate the whole and nothing can peck in but the walnut trees which completely surround the house.

The General Electric kitchen, the enclosed patios off the bedroom and children's room, the thoughtful use of copper, the soaring open beam ceiling, all combine to make this house something well worthwhile seeing.

It is being sponsored by the Junior Center of Arts and the following local members of either the Junior League, the Art League or the children's Theater will be hostesses:

Mesdames Warren Hudson, Walter Scammell, George Simpson, Oliver Hamlin III, Harmon Howard, Harry Jackson, Gray Minor, Robert Pedder, Heywood Gathings, Carleton Bryan and Will Hall. Tickets are $1. at the door. How to find? Turn right on Camille Avenue half way between Alamo and Danville.

Incidently—the section of the Sunset magazine staff in charge of Chinese ovens recently interviewed Dr. Roger Stark and took pictures of his backyard handiwork—so—watch the forthcoming issues for an article about our own local oven creator par excellance.

Fashion Show today at Sequoya Country Club put on by Redwood Branch Children's Hospital. The Fall Showing of Coutourier Betty Klyne whose clothes appear in the snappiest San Francisco and Oakland stores.

Those on hand from here will be Mesdames Edgar Elder (model) Harold Powell, William Funk, William Hagen, Don Hutchinson, Harry Lavagetto and Ralph Ong.

Painting and brick laying—that is the James Cranstons who are busy fixing up their new home on Camino Lenada.

New comers from Sacramento—to Lafayette—Mr. and Mrs. Wayne Carter (Jenne Breuner).

An item about an eating tour in S.F.

Personal story—in a recent fit of hunger we took off for a little restaurant in San Francisco named Marguerites—as advertised on the match folder someone left on our dining room table.

On a bias angle from Skipper Kent's it is tucked away obviously trying to hide from the crowds it can not accomodate.

Through the portal and, head on, we were faced with a picture of theatrical lady of fairly remote period. An oil painting but—the bracelets, ring, necklaces and a crown were done in actual pearls and rhinestones appliqued. Her costume—a victorian Bikini done in sequins.

A cunning Victorian bar no bigger than a hall tree. In the center a cooking area ruled over by a lady both charming and French. Father ordered rabbit which he wouldn't be caught dead eating at home. Mother negotiated sweetbreads in wine to the amazement of daughter who didn't think Mothers should do such things.

Lady sailed out from cooking area in inquire how Papah liked petite lapin cooked in pot?" We noticed Daughter regarding lady, then picture on wall, and we began to develop that peculiar type of indigestion which always prefaces one of "those" remarks.

Sure enough—smiling sweetly, said she, "Which one of you is Marguerite?."

"I am" said lady unabashed and went on to explain that her restaurant is new but she had previously worked with the U.N. in N.Y. and Maskers in Hollywood, and is a member of one of the old wine families of France. So no wonder it is a fun place to go.

That is all.

Two of the four students chosen from Acalanes High School to study abroad and live in European homes will also speak.

Telling their feelings about being potential American teen-age ambassadors will be either Sally Anaclerio of Lafayette and Michael Laurensen of Orinda or Virginia Vance of Lafayette and Ronald Hartsough of Orinda.

Decorations, to be international in them, are under the direction of Mrs. H. L. Chapple. Assisting her are Mesdames Andrew Blalock and W. H. Mardy.

Guest Ministers To Fill Pulpit At Community

The diaconate committee of Orinda Community Church has arranged for guest ministers to fill the pulpit for the next few weeks while the search for a permanent successor to the Rev. Fred Morrow continuous.

Mr. Morrow will end his nearly 10 years as minister of the church Sunday and will take up new ministerial duties in Oroville.

A PASTORAL committee headed by Ralph Phelps announced this week that no final recommendation for a permanent successor has been made.

Phelps said, "There's no way of telling how soon we will be able to present a name to the congregation."

The committee has been aided by Dr. William Pratt, superintendent of the Northern California Conference of Congregational Churches.

Phelps said Dr. Pratt furnishes lists of suggested names and also screens names submitted by the local committee.

When the committee has decided on one recommendation, a meeting of the entire congregation will be called to act on it, Phelps said.

MEANWHILE, JAMES Campbell, head of the diaconate committee, announced the following guest ministers will fill the pulpit for the next few weeks:

June 12 — the Rev. Gene W. Carter, associate professor of Town and Country Church, Pacific School of Religion, Berkeley. The service will be at 11 a.m.

June 19 — the Rev. Donald Head, associate superintendent of the Northern California Congregational Conference, San Francisco. (This begins the summer change in worship time to 10:30 a.m.)

June 26 — the Rev. Carter.

July 3 — the Rev. Carter.

JULY 10 — THE REV. Dr. Lorell E. Weiss, director, Idaho Institute of Christian Education, Moscow, Ida.

July 17 — Dr. Weiss.

July 24 — the Rev. Dr. Edward J. Jurji, professor of Islamics and Comparative Religion, Princeton Theological Seminary, N.J.

July 31 — Dr. Jurji.

They were entertained there by the local mineral society. They took long hikes to the back country, searching around abandoned mines for crystals, agates and other interesting stones.

Morrows Feted by Church Congregation at Dinner

Fellowship Hall of Orinda Community Church was filled to capacity the night of May 18 for the dinner and program honoring the Rev. and Mrs. Fred Morrow.

The excellent ham dinner was served by Section 5 of the Women's Guild.

JIM DAVISON was master of ceremonies.

The opening number was a parody of "You Were There." Fred and Mae Morrow were seated in pulpit chairs. The first voice they heard from behind a screen was that of the mother of the first child baptized by Mr. Morrow, December 16, 1945. Then Mrs. G. L. Harrison appeared with her 11-year-old son, Gordon. The Harrisons are now living in Stockton.

Then was heard the voice of the first girl at whose wedding Mr. Morrow officiated. She is Hazel Dunnigan, daughter of Josephine and Bert Dawson.

Mrs. A. W. Elkinton represented the first family that entertained the Morrows.

THE BAGUETTES, a trio consisting of Marian Brown, Mollie Nelson and Jean Watkins, sang an original song, "Do You Remember?" This was followed by a humorous account of the earliest days of the church.

Mr. Howe then showed pictures of the early church (held in back of a real estate office) and all the present buildings.

William Penn Mott then showed a tiny cedar of Lebanon which he said had been grown from a seed brought from the Holy Land and which would be planted on the church grounds and dedicated to Mr. Morrow.

Concluding the program was the reading of two poems and the presentation to Mr. Morrow of a large check contributed by church members and friends.

To Mrs. Morrow was given an illustrated book on the history of Orinda Church including pictures of that night's events taken by C. P. McVicker.

Shrubs Provide Many Flowers

Summer is the natural time for great profusions of flowers — in masses along garden borders and in great armfuls for bouquets indoors.

Gardeners often forget that a wonderful source of summer floral blooms are shrubs that provide not only the flowers but also other types of interesting growth the year 'round.

A fine selection for summertime flowers is the abelia, which in its many varieties offers clean, glossy foliage and flowers of soft pastel colors from June to October.

THE GRANDIFLORA variety grows to 6 and 8 feet and bears tubular flowers of white or faint pink.

Gaucheri, another variety, features lilac-pink flowers and a more lacy growing habit.

The floribunda is the tallest growing variety, reaching 8 feet with carmine-purple flowers.

Schumanii, deciduous while the rest are evergreen, blooms in lavender-pink flowers.

BLUE-FLOWERING shrubs from June to December, the Plumbagos (Ceratostigma) are evergreen but should be treated as perennials.

The Chinese Plumbago (willmottianum) grows to 4 feet, bearing bright blue, phlox-like blooms in clusters.

Good Lawn Care

Early summer days are an ideal time for gardeners to assure themselves of fine-looking lawns for the remainder of summer.

Three very good ways to do this are to control lawn moths, to aerate and to fertilize.

Adult lawn moths or sod webworms scatter the eggs over the lawn. Worms hatch in three or four weeks. All members of the lawn moth family enjoy grass heartily, and the worms eat more the older they grow.

Save Your Roses from Black Spot—with

ORTHOCIDE®

Garden Fungicide

Mrs. Peter C. Paul of Philadelphia says, "The only rose spray that has ever effectively knocked out black spot in roses is ORTHOCIDE."

Here's why:
- Acts as preventive
- Also cures after infection
- Longer protection because of excellent residual action

ORTHOCIDE is also highly effective against certain flower blights; brown patch of lawns; damp-off of bulbs, seeds and cuttings; and certain diseases of vegetables and fruits.

Your Garden

With Many Varieties of Size, Color, Chrysanthemums Offer Enjoyment

FEW FLOWERS afford such gardening enjoyment as chrysanthemums.

They offer a wide range in size, color, type, height and blooming period.

There is a constant change in blossom forms, with new varieties being continually introduced.

And the chrysanthemum is no namby-pamby, either — it is hardy and yet sensitive, responding to attention quickly.

FOR FALL BLOOMS, now is the time to set out the every-pleasing chrysanthemum.

Choose a sunny location. Several weeks before planting, work a liberal amount of well decayed manure into the soil — and peat moss, too, if the soil is too sandy or too heavy.

Some chrysanthemum authorities recommend a sprinkling of bone meal just before planting.

WHEN YOU SELECT your chrysanthemums for planting, obtain them in bands (bottomless boxes of treated paper or wood veneer which will rot away after planting).

This way, you can work with started plants and set them into your garden without disturbing the roots.

After planting, mulch with a mixture of peat moss and manure. Top dress with organic fertilizer (fish meal, for instance) every three or four weeks during the growing season but do not apply any fertilizer after the final buds are well formed.

Watering should be thoroughly done at intervals.

STAKE YOUR chrysanthemum plants when they begin to grow, tying as often as it is necessary to keep the stems growing straight.

To get a large flower on a plant, nip off all the side shoots.

For several large flowers per plant, allow one lateral for each flower to bloom; pinch off the rest.

THE USES to which you can put chrysanthemums are greatly varied.

Try them as border flowers, in window boxes and pots, cascaded over low walls.

Select some of the decorative forms especially for cut flowers indoors.

Trees Can Help Control Climate, Noise

Doubtless it hasn't often occurred to Mr. and Mrs. Average Gardener that trees can serve such functions as climate or noise controls.

But in the past few years landscape designers and roadside engineers have made authoritative studies revealing these two very sound reasons for planting trees, in addition to the more poetical ones usually thought of.

CLIMATE CONTROL studies reveal that large trees release into the air moisture equal to 80 gallons of water a day, an obvious benefit for both plants and humans nearby.

Deciduous trees ward off the sun's hot rays in the summer and allow the sun to come through during colder winter days.

The evergreens, with their ever-present foliage, also do a good job of protecting humans and other and frost of winter.

CONTROLLING NOISE is a job that the evergreens seem to do best, according to the most recent experiments conducted by the Bureau of Public Roads of the United States Commerce Department.

Buffer zones of evergreens have been planted along roadsides and are credited with a greater ability than any other plant to absorb much of the raucous sounds of the highway and scatter the rest, so that the areas in the rear of the plantings have less and less volume of noise.

These findings can easily be applied to home planting situations.

That the way to healthier, happier living is through spiritual understanding of God as the only real creative power will be stated at services Sunday at Churches of Christ, Scientist, at 42 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek.
The Lesson-Sermon entitled "God the Only Cause and Creator" includes the account of Christ Jesus' healing of the centurion's servant who was "sick of the palsy, grevviously tormented" (Matt. 8).
Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (231:30): "Man, governed by his Maker, having no other Mind, — planted on the Evangelist's statement that 'all things were made by Him (the Word of God); and without Him was not anything made that was made,' — can triumph over sin, sickness, and death."
The Golden Text is from Acts (4:24): "Lord, thou art God, which hast made heaven, and earth, and the sea, and all that in them is."

Future Use of Pine Grove? Answer Depends on Orindans

To stress that the future use of the Pine Grove presents an important issue for Orindans seems like "gilding the lily," in view of the numerous times that subject has ben discussed.

Yet so intense are feelings about this matter, with "Pine Grove" and "PIE" almost constituting "fighting words," that importance of the issue cannot be over-emphasized.

Community-wide voting will soon determine the people's preference regarding the Pine Grove. Ballots are to be mailed out not later than July 1.

So it behooves every Orindan to become fully informed on the subject.

To become informed, one should carefully read both sides of the argument.

That means reading the recent report of Francis Violich, consultant to the Orinda Association's Planning Committee, and the Pacific Intermountain Express proposal.

Also, last February's report of the association's Planning Committee serves as relevant background material.

These versions have been sent to Orindans. Without familiarizing themselves with the contents, Orindans cannot intelligently make up their minds on whether the Pine Grove should be used for community center purposes, as recommended by Violich, or for an administrative type office building, as proposed by PIE in its plan for a $750,000 office headquarters at the Pine Grove.

The "Town Meeting" to be held June 20, under auspices of the Orinda Association, will afford Orindans further opportunity to become acquainted with the facts and with the pros and cons of the dispute.

The "Town Meeting" should therefore have as large a turnout as possible.

If the people of Orinda decide they want the Pine Grove to be used for community center purposes, they must be prepared to take steps for immediate purchase of the 10½ acres now owned by PIE. Otherwise, the desire is merely academic.

To buy the land, it would be necessary for some kind of recreation district or community services district to be formed, or, possibly, for prompt steps to be taken for incorporation of Orinda as a city.

If the people are for the Violich recommendation, the question is not "Do you want a community center at the Pine Grove?" but "Can you buy the Pine Grove land?"

The Sun has printed literally thousands of words on the subject. There will, of course, be many more articles. The Orinda Association board awaits the opinion of the people.

And it's up to the people of Orinda to make their wishes known.

What They Say

Week's Query Is 'Where to Swim?'

Let's take a swim, our researchers decided this week.

The weather's fine, and the water, wherever it might be, is ready.

WHERE DO WE GO? That's the question

Not blessed with private pools of their own, the researchers put the phones to use to find out where others go when the urge for a plunge comes up.

"Where do you and your family usually go swimming in the summer?" they asked.

MRS. HARRY R. CLEMONS Jr., 58 Stanton Avenue, Orinda, answered, "Orinda Park Pool. We're members, and we don't know what we'd do without it. We have three youngsters and we find it's an ideal family place."

"We've gone to China Beach or Tilden Park but we haven't been able to do much swimming in recent years," answered Mrs. Fred Pickett of 75 La Crest Road, Orinda.

Mrs. Raymond L. Neff of 755 Horaga Road, Lafayette, said, "We don't have access to any nearby pools so we usually go swimming in the ocean—most times near San Luis Obispo, at a private beach if we can find one."

"WE HAVEN'T HAD any place to go except a friend's pool, answered Roger B. McKenzie Jr., 974 Lafayette Boulevard, Lafayette. He added, "We've heard there's a pool in Martinez, and we'll also try the high school pools this year."

Tanager Fete Is Sellout

All tickets have been sold and reservations closed for the Tanager luncheon card party June 9, Mrs. Robert Boyle, chairman of the ways and means committee, announced at the May meeting.

Mrs. Frank Brown, procurement chairman, announced prizes will include a weekend for two at Highland Inn, Carmel; several pairs of dinner tickets at popular night spots; household articles; baskets of delicacies, plants and candy.

Mrs. William Cary, president of the group, which is a unit of the Mt. Diablo Therapy Center, expressed appreciation for the ticket sellout.

This Should Wake Us Up

Bicycle Rodeo Will Be Held at Lafayette School

The bicycle safety campaign at Lafayette School, sponsored by the Lafayette PTA as part of the statewide endeavor to develop parental interest and youngsters' participation in the rules of safety on bicycles, is well under way, with movies having been shown in classrooms and copies of booklets of safety instructions given to interested children.

With the cooperation of American Legion and Chamber of Commerce members, there will be a "bicycle rodeo" at Lafayette School grounds on Saturday, June 11.

Scotchlite, purchased by Lafayette PTA, will be provided to each entrant, and certificates of merit will be awarded to participants who pass the safety check.

$1700 Net Profit Made by Westival

With most of the bills in and paid, net profit of the Westival, Lafayette PTA's annual fund-raising event, is now set at $1700, Mrs. H. N. Breckling, Westival chairman, announced yesterday.

She added:

"We want to thank all the merchants and others whose cooperation and generosity helped so much to make our 1955 Westival an outstanding success."

The Westival was held May 21 at the Lafayette School grounds.

Also announced were winners of awards for best booth decorations:

Booths— First prize: cake booth, Mrs. R. E. Stroube and Mrs. Ellen Jackson; honorable mention; chili pot, Mr. and Mrs. James Moore.

Trading Posts — First prize: aprons, Mrs. Earl Gudnason and Mrs. Vincent Lombardo; honorable mention: gift shop, Mrs. John Doane.

Games—First prize: Beppo the Clown, Mrs. E. E. Ames; honorable mention: fish bowl, Mrs. John Helm.

Letters to The Editor

Dear Editor:

How long are the people of Lafayette specifically, and the people of Contra Costa County in general, going to sit back and not take an active and operative view point in their own and the county's planning?

One case in point—We all realize now that we have a new doctor's office in Lafayette as was stated in The Sun May 13. The article was the first inkling that a second meeting of the supervisors had been called on the controversial subject of the location of the proposed office and passed, I might add, over the objections of the improvement associations adjoining this property.

THE INTERESTED improvement associations took the viewpoint that because of the close proximity to both schools in Lafayette and this property being directly across from the Town Hall that the traffic problem that already exists would be greatly increased unnecessarily.

This viewpoint was expressed to the Board of Supervisors to no avail, it seems, as they semingly have decided against the wishes of the people.

I think we all recall the opposition that was raised, the petitions that were signed and the reasons that were given for not having a quarry operation started here.

The main objection again being the added traffic condition on Moraga Road and the danger to our school children.—We lost that one too, to the supervisors.

Well, where is all this leading us if the wishes of the people mean nothing, if we cannot try to plan in some way where our churches, businesses and roads are to be located in our own area—what hope is there?

How can you possibly get through to or make your point to a supervisor who resides in Pittsburg or Antioch or even Crockett? They have no particular personal interest in problems that mean so much to us, the property owners.

THE ONLY SOLUTION to this problem as I see it is incorporation, as much as I hate to see it come. It will be inevitable—only when other interested groups of people in this area are hurt in some way by rezoning, spot zoning and outright condemnation of property will we be forced to set up our own township.

Wake up, people of Lafayette. Is this the best we can do?

CARL H. FRANCEE JR.

(Editor's Note: The County Board of Supervisors had not passed on the A. C. Tresidder request for a permit to convert a home at 919 Moraga Road into an office building for two doctors' offices.

(As related in the Tresidder story —column 6, page 1, Lafayette Sun, May 13—the permit was granted by the County Board of Adjustment, which consists of three members of the County Planning Commission.

(According to Principal County Planner H. Russell Griffith, the permit was to take effect on May 23 unless appealed by any protestors.

(The matter would not reach the Board of Supervisors until and unless it were appealed first to the Planning Commission, and then appealed to the County Board of Supervisors, Griffith said.)

Dear Editor:

May I take this means of thanking you for the active support you gave the Acalanes District's special election authorizing the borrowing our editorials and baxed notices of state funds.

urging your readers to vote YES undoubtedly contributed to the successful passage of the proposition.

Under The Sun

By Herman Silverman

A problem: delinquent fathers!

Am I a delinquent father?

No, I'm not trying to be funny. It's the question I asked myself after reading the statements made before the National Conference of Social Work at San Francisco by Bertram Beck of the Children's Bureau of the U.S. Department of Health Education and Welfare, and Felix Gentile, executive director of Big Brothers of America.

Both agreed that children are turning into juvenile delinquents in wholesale numbers largely because their fathers are letting them down. In part this is a result of many fathers being away during the war when the present delinquent youngsters were small.

"The father is traditionally the one who sets limits within which the family operates and who sets forth cultural factors and standards," Gentile said.

Is mama becoming papa?

Despite the war's end and return of fathers, the delinquency problem is becoming even bigger, the speakers emphasized, because of broken homes, fathers being away or else being home and simply being "inadequate" at guiding their children. "Women are more and more taking over the role of the father."

The problem will get worse because modern living tends to separate, rather than unite the family. They predict that 1 in 60 youngsters will spend some time in delinquency institutions before reaching 21 and 1 in 12 will go to a mental hospital during his life.

"When fathers assume their responsibilities, the problem will solve itself. We have to remember the father is the central person in the child's basic outline," Beck concluded.

Well—my conscience began to bother me. Am I an inadequate father? I realized that I certainly wasn't very adequate over the long Memorial Day week end. The garden was in poor shape. Weeds, transplanting, watering—so, Sunday and Monday I became a father—to the plants and not the kids. I recall now that I didn't really play with them during the day.

My conscious eases a bit, as I recall I took Mark and Dan (plus four other Cubs) to the Oaks baseball game Friday night. The boys and I had a wonderful time. I resolve to do this more often.

But now I recall a few other resolutions not kept. What about that hike from Reliez Station Road over the hills to Tice Valley? What about the trip up Mt. Diablo to see the snow? How about that basketball game for Mark? What about that horse back riding? Or working together on Cub achievements?

I remember now these were good ideas—unfulfilled.

What is there to do?

At this point, I thought the subject might make a column. What else can father and youngsters do together in our wonderful county?

There are numerous beautiful walks in our area. They are easy—and can be 10 minutes or 4 hours long. Softball almost every night in Walnut Creek City park offers a fine opportunity to get close to the game. No admission—a lot of fun.

Family outings to the movies, with dinner at a drive in, has become a big deal with us. When our kids were smaller, an occasional trip to the fire station was great sport. Why not a similar trip to a bakery, dairy, machine shop or garage?

Or a longer outing to Mt. Diablo, Oakland's Fairyland or Tilden or Redwood parks? Or to Buchanan Field or the auto races, both in Pacheco.

Sports are fun

Let's remember sports events at our high schools and at St. Mary's College—and the 49-ers football practice at St. Mary's next August. Why not a visit to the school playground for an hour?

During summer and fall, community celebrations are fun—Livermore rodeo and Walnut Festival. Memorable events a few years ago were our weekend camping trips two or three hours away to Stinson Beach, Big Basin, Santa Cruz, all with camping facilities. (Then, we bought a tent and haven't gone since.) We enjoy wonderful family vacations at the recreation camps.

This list could go on and on. I don't know about you, fellow father, but I'm convinced. I hereby promise not to be a delinquent father.

Walnut Growers to Build New Plant

Some 400 Contra Costa and Alameda County orchardists held their annual meeting in Walnut Creek recently to discuss plans for the "new look" in future marketing programs.

James H. Bryce, assistant general manager, reported on the Contra Costa local's share of the California Walnut Growers Association $23,000,000 crop last season.

BRYCE, WHO IS slated to move up to the post of general manager of the state-wide cooperative next July, warned growers of "the curse of complacency."

To better supply the housewife with a food product ready for immediate use, the association is investing in new plant expansion and installing more modern shelling equipment.

Broyce referred to a projected $5,000,000 plant in the Stockton area where the association plans to move its operations from Los Angeles.

CHAIRMAN OF THE Contra Costa unit, Grant Burton, told growers better returns are anticipated in the future, but some money will have to be turned back into plant expansion and improvements.

A near record pack of 7123 tons of English walnuts last season made the county walnut growers the largest member plant in the state cooperative.

Pets and Pals Starts Local Animal Shelter

Pets and Pals, an area-wide organization aiding displaced animals, has established a pet shelter in Lafayette to serve this area, according to Mrs. Douglas A. Sargent, president of the group.

The shelter is at 3338 Mt. Diablo Boulevard.

Mrs. Sargent, who gives her time and effort without pay in the program, said:

"We feel Pets and Pals deserves the support of the community, especially since this district has no local SPCA or pound and there are so many pets. No other group or organization supports Pets and Pals — it's all individual contribution."

To get a pet from Pets and Pals, persons sign adoption papers and give a donation — "for fine pure bred pets a higher contribution is naturally expected," said Mrs. Sargent.

The local shelter's "Pet of the Week" is "Chris," who is of royal blood . . . "He has a pedigree a mile long," Mrs. Sargent said.

"Chris," a Wire Hair, is asking for a real nice home with children," she added. The local telephone number for Pets and Pals is AT 4-4411.

Local Ladies See Fashion Showing

A group of young matrons from Walnut Creek enjoyed lunch at the Pioneer Hotel in Woodside Wednesday prior to attending the San Mateo County Junior Museum auxiliary's "Peanut Parade"—a fashion show held at the magnificent William P. Roth estate in Woodside.

They were Mesdames John Enright, Carl Vendt, Edmund Barnett, Alex Lindsay and Quentin Reynolds.
